Advantages

- ▶ Effective remove parts, oils, grease, dirt and soil
- ▶ Excellent of emulsifying, penetration action and water tolerance
- ▶ Leave no residue on the surface
- ▶ Powerful emulsifying agent
- ▶ Safe of human and environment
- ▶ Good storage in the temperature range of 5 - 40°C

Typical Data of DC ENVIRO

Characteristics	DC ENVIRO
Appearance	Clean Liquid
Colour	Blue
Density @15 °C, Kg/L	1.04
pH (2% solution)	>11,5
Flash Point (COC)	none
In Flammability	none
Solubility	Complete in water
Freezing Point @5 °C	Stable
Penetration Action	Excellent
Toxicity	Low
Storage Stability	Good
Foam	Medium high, Stable
